#### Policies relating to guidance:

- Child Protection
- Anti-Bullying
- Critical Incident Response Plan
- Relationships and Sexuality Education
- SEN

### **1 INTRODUCTORY STATEMENT**

Our Lady's school guidance plan is a structured document that describes the school guidance programme and specifies how the guidance needs of students are to be addressed. It is an integral part of the school's overall development plan.

### 2 RATIONALE

The Education Act 1998 section 9(c) states that a school "shall use its available resources to...ensure that students have access to appropriate guidance to assist them in their educational and career choices". The provision of guidance is a statutory requirement for schools under this Act.

In 2004, when the NCGE in association with the Department of Education published "Planning the School Guidance Programme", as a result of the requirements of the education act, they stated clearly that guidance activities "are provided based on the premise that guidance is both a whole school concern and a specialist area within education". The Guidance Plan also aims to take account of recent policy developments and initiatives including the NCGE: A Whole School Guidance Framework (2017), NEPS: Well-being in Post-Primary Schools. Guidelines for Mental Health Promotion and Suicide Prevention (2013), NEPS: A Continuum of Support for Post Primary Schools: Guidelines for teachers (2010) and NCCA: Junior Cycle Wellbeing Guidelines (2017)

### 3 SCOPE

Guidance in Our Lady's refers to a range of learning experiences provided in a developmental sequence that assists students to develop self-management skills, which will lead to effective choices and decisions about their lives. It encompasses the three separate but interlinked areas of

- Personal and Social Development
- Educational Guidance
- Career Guidance

Counselling is a key part of the school guidance programme offered on an individual or group basis as part of a developmental learning process and at moments of personal need. Counselling may include personal counselling, educational counselling and career counselling or a combination of these.

Two professionally trained Guidance Counsellors administer Our Lady's school guidance counselling service. The guidance counsellors work in conjunction with the school team including the principal, vice deputies, year heads, house heads, Chaplain, SEN Department, form teachers and subject teachers.

The Guidance Counsellor in conjunction with staff and management will be central to and supportive of the pastoral care system and policies, which attempt to deal with student support issues. All staff in the school has a part to play in the provision of school

**supports.** The plan aims to address the guidance needs of all students at all levels within the school.

### 4 RELATIONSHIP TO THE CHARACTERISTIC SPIRIT OF THE SCHOOL

Our Lady's School Guidance and Counselling service is administered in the context of the school's mission statement and ethos. Our Lady's school strives to enable all students to develop their full potential. We aim for a community, which values and affirms students and their individual contributions and where mutual respect and concern are encouraged and practiced.

### 5 GUIDANCE STAFF

Our Lady's School has two fully qualified Guidance Counsellors. Please see appendix 1 for the time allocation for the current school year.

### **6 GUIDANCE PROVISION**

The provision of a guidance service in Our Lady's aims to ensure that each student can avail of the following activities. Please see appendix 1 for guidance provision for the current school year.

- **Counselling** helping students on an individual basis to explore their own thoughts and feelings about their present situation, about the choices available to them, and the consequence of each choice.
- Information providing students with objective and factual data.
- **Assessment** using psychometric tests and other inventories to help students make better decisions.
- Career Transition Programmes providing the necessary concepts, knowledge and skills to enable students to make the transition to further and higher education, training and work.
- **Educational Development Skills** providing knowledge and skills relating to studying, examination performance, choices of subjects and levels.
- Personal and Social Development Programmes providing knowledge and skills relating to personal and social development, self-awareness, decision- making and planning.

First year students and their parents are given a handout explaining the Guidance service in Our Lady's School. Please see appendix 2 for a copy of Guidance Explanation sheet.

All transition year students have a weekly guidance class.

All sixth year students have a weekly guidance class.

Guidance Counsellors have access to other year groups for guidance classes throughout the year as required.

Guidance Counsellors work in collaboration with the form teachers, year heads, the RE department, the SPHE department and other departments on certain topics.

Guidance Counsellors attend a weekly guidance planning meeting and care team meeting plus meet with year heads and the principal regularly.

Both Guidance Counsellors are members of various school committees including Health Promoting Schools, CAT4, Critical Incident, Child Protection and Leaving Certificate Applied Teams.

### 7 GUIDANCE FACILITIES

There are two fully equipped guidance offices, a school careers library, guidance notice boards, access to the lecture theatre and access to two school computer laboratories for guidance related research.

The guidance department has a yearly school budget.

The guidance department also accesses many local community resources such as: parents, past pupils, local business for work experience placements and the local Garda and national resources such as NEPS, NCGE and IGC.

Senior cycle students have fortnightly career talks from colleges and career professionals including parents and past pupils. This forms a link between the school and third level institutions, past pupils, parents and local business.

### 8 GUIDANCE REVIEW AND EVALUATION

The Guidance Counsellors continually review and evaluate the guidance service. This is carried out informally throughout the year by asking students for feedback following guidance activities. At the start of the academic year, transition, fifth and sixth year students are asked for their wishes and suggestions for guidance provision and the findings are used to help plan the guidance activities for the year. At the end of each academic year the Guidance Counsellors meet to review their work, in a more formal way, and note changes that could improve guidance provision. All transition and sixth year students are asked to complete an evaluation form in the final term. This asks students to evaluate the guidance service in Our Lady's School and to make suggestions about how the service could be improved. The findings of these evaluations are used in planning changes to the service. Please see appendix 5 for Guidance Evaluation Forms.

### **9 GUIDANCE PRIORITIES**

Please see appendix 6 for list of recent developments and current priorities for guidance in OLS.

### **10 GUIDANCE ATTENDANCE AND MEETING PROTOCOLS**

#### **10.1 PROTOCOL FOR GUIDANCE APPOINTMENTS WITH STUDENTS**

Both Guidance Counsellors are available to meet with students throughout the school day either by appointment or referral by Year Heads and other school staff. Please see appendix 6 Guidance Referral Form. Parents may also make contact with the Guidance Counsellors to request an appointment for their daughter.

All meetings with students are by appointment. Students can make appointments by using the booking sheet on the guidance office door or by requesting an appointment by placing a note under the guidance office door. Following this the Guidance Counsellor will schedule a time to meet the student and a notice of this will be given to the student at registration.

Guidance Counsellors can also request a meeting with a student by providing a notice of guidance appointment slip, to the student at registration. These appointments can be rearranged if it is unsuitable due to class tests etc. Appointments are scheduled in as far as possible to reduce interference and disruption to classes. This method of appointments is explained to students. VSware is also used to record student attendance at appointments.

All students who attend the Guidance Counsellor receive a written note to allow teachers to be informed of any student absence due to guidance meetings.

#### **10.2 PROTOCOL FOR GUIDANCE MEETINGS WITH PARENTS/GUARDIANS**

Parents meet with the Guidance Counsellors at information evenings, parent/teacher meetings and on request. The Guidance Counsellor provides information letters for parents informing them about various guidance activities and provision. Parents/Guardians can make appointments with the Guidance Counsellor by telephoning the school. Appointments are usually conducted during the school day, but, may in certain circumstances be arranged after school. All parties are requested to inform each other if a cancellation is necessary. The Guidance Counsellor may request another staff member e.g. year head, subject teacher, second guidance counsellor or/and management to be present at a meeting. The student may be invited for all or part of the meeting with approval of parents/guardians. The Guidance Counsellor keeps notes of all meetings.

#### 10.3 PROTOCOL FOR STUDENTS ATTENDING GUIDANCE ACTIVITIES OUTSIDE SCHOOL

Students must obtain parental permission to attend school arranged guidance trips. This normally takes the form of a letter that students bring home to parents, which includes a reply slip, which must be signed by parents.

Students are also required to seek parental permission, in advance, of attendance at individual college open days during school time. This takes the form of a letter, from the student's parents, providing notification of the student's absence. This letter should be given to the student's form teacher in advance of the event so that the school attendance records can be completed. This system is explained to all sixth year students at the start of the year.

Students are reminded that school rules apply at all guidance events and appropriate behaviour is expected.

Students are encouraged to be selective in attending career events during school time and to attend events on Saturdays or outside school hours where possible.

### **11 SUBJECT CHOICE AND CHANGE**

#### 11.1 SUBJECT CHOICE AT JUNIOR CYCLE

First year students study the following subjects: Irish, English, Maths, French, Science, History, Geography, CSPE, RE, SPHE, PE, IT. The following optional subjects are provided either by two periods per week throughout the year or by a module of a half-year: Home economics, Art, Music, Spanish and German. At the end of first year, students are asked to choose two subjects from the above list to take for their Junior Certificate. Students with learning difficulties may be provided with extra English instead of Spanish and German. This allows students to take taster modules in the optional subjects and so helps students to make more informed subject choice. Subject teacher and Guidance Counsellors are available to discuss these choices with both students and parents.

#### **11.2 SUBJECT CHOICE AT LEAVING CERTIFICATE**

Students take the core subjects of Irish, English, Maths and a choice of a third language (French/German/Spanish). If there is sufficient interest, there may be the possibility of taking a non-language option. They then choose three optional subjects from the following list: Geography, History, Home Economics, Business, Economics, Biology, Chemistry, Physics, Agricultural Science, Art, and Music, Applied Maths.

The option bands are not pre-set and are created based on student choice, in order to ensure that the largest possible number of students obtains their top three choices. While every effort is made to accommodate student's preferences, due to limited resources, this may not always be possible.

Assistance provided to students for subject choice:

- Subject choice preparation and guidance forms part of transition year guidance classes.
- Each student obtains and completes the Reach + Career and College Preparation Programme, which includes a comprehensive section on subject choice.
- Each student is given a copy of the OLS subject choice booklet which is brought home to parents and a reply slip is included with this booklet to ensure all parents receive a copy.
- Each LC subject department gives a presentation to all transition year students on the LC syllabus in their subject. LC textbooks are made available in the school library to assist the students in their research of subject options.
- Students complete a number of interest and aptitude tests to assist them with their choices. This includes the Eirquest and Cambridge Profiles.

- Students are given an introduction to guidance websites including <u>www.qualifax.ie</u> and <u>www.careersportal.ie</u>, which provide information on subject choice and the implication of subject choice on third level options. Students are encouraged to use these websites.
- All transition year students attend a presentation given by Guidance Counsellors regarding subject choice.
- Students are encouraged to reflect on their work experience placements as part of their career development and subject choice selections.
- All transition year students have an individual meeting with Guidance Counsellor to discuss their career choices, discuss subject choice and their aptitude and interest test results.
- Students are encouraged to discuss subject choice with subject teachers, students in fifth and sixth year and to look at LC text books, syllabus and past papers.
- Parents are informed by letter about subject choice and can contact the Guidance Counsellor to discuss subject choice if required.
- Parents are invited to attend a subject choice information evening

Please see Our Lady's School Subject Choice Booklet and Presentation on Subject choice.

#### 11.3 PROTOCOL FOR CHANGING OR DROPPING SUBJECTS

- 1) If a student is considering changing or dropping a subject at any stage she must first discuss the matter with her parent(s)s/guardian(s)s and her subject teacher.
- 2) If a student wishes to change/drop a subject the student must then discuss this with their Year Head and obtain a consent form which must be completed.
- 3) Guidance is sought from the subject teacher and the SEN Department (If appropriate).
- 4) An appointment is made with the Guidance Counsellor, if appropriate.
- 5) The possible implications of the change are highlighted to the student and they are encouraged to discuss the change with their parents.
- 6) The Guidance Counsellor/Year Head may contact parents either by phone/email/letter. The possible career choice and implications of the change are discussed.
- 7) A letter is sent to parents/guardians for them to complete and return a consent form to the Year Head, who informs all teachers involved.
- 8) The Year Head will advise the office staff to update the student's record.

#### 11.4 PROTOCOL FOR CHANGING LEVELS

- 1) If a student is considering changing level at any stage she must first discuss the matter with her parent(s)s/guardian(s)s and her subject teacher.
- 2) The subject teacher liaises with the Year Head.

- 3) The Year Head will arrange to meet the student as he/she is best placed to give an overview of her academic progress.
- 4) An appointment may be made with the Guidance Department to check the possible impact on career choice. This would be especially important for changes of level at senior cycle.
- 5) SEN department is consulted where relevant.
- 6) A letter is sent to parents/guardians for them to complete. They return a consent form to the Year Head who discusses the outcomes with the Subject Teacher.
- 7) The Year Head will advise the office staff to update the student's record

### 12 OUR LADY'S SCHOOL REFERRAL SYSTEM

Based on best practice, we use the following method when a teacher wishes to refer a student to the Guidance Counsellor. A referral form is completed and passed to the Year Head, who in turn passes it to the Guidance counsellor. The following steps then occur:

- One of the Guidance Counsellors would then engage with the student
- □ The Guidance Counsellor would inform the teacher who made the referral about the progress of the situation (while keeping within confines of confidentiality)
- Regular meetings occur with the Principal, Year Heads, SEN Department, Chaplain & Guidance Counsellors to discuss student's progress/well-being and to plan appropriate student supports. (care team meetings)
- □ A red and green list is placed in the staff room to make staff aware of students who need special attention each week (while keeping within confines of confidentiality).
- Student who require support are highlighted on VSware

This referral system is explained to staff at the beginning of the academic year and a folder of referral forms is kept in the staff room and is accessible online.

The main aim of the **Green List** is to provide support and encouragement to students who are experiencing some personal difficulties. Teachers are encouraged to keep a watchful eye on these students, to give them positive attention and reinforcement, write a positive note in their journal, ask how they are, support them in a non-directive ways, try to reduce possible isolation and to inform the year head of any issues that arise.

The primary aim of the **Red List** is to give awareness to staff of students who are experiencing high levels of personal distress. Teachers are encouraged to note observations and to forward them to Year Head/ Principal/ Deputy Principals /Guidance Counsellors immediately e.g unexplained absence from class.

If additional details are needed on any student on the list staff may talk to the guidance counsellors. (Students confidentiality will be respected)

It is hoped that these measures would achieve a number of objectives:

- i) Create a more coherent record of a student's pastoral progress during their time in school
- ii) That staff would have a better idea of who is in need of special care
- iii) That the guidance counsellors would have a better method of communicating with staff about students who require assistance
- iv) That students are less likely to "fly below the radar" and miss out on help that they might benefit from

Please see below the information on the Green and Red list provided to school staff.

#### 12.1 Green list – Students who need extra support and encouragement

The main aim of this list is to provide <u>support</u> and <u>encouragement</u> to students who are experiencing some personal difficulties.

This should provide:

- 1. Support
- 2. Encouragement
- 3. Reinforcement
- 4. Positive attention
- 5. Watchful eye
- 6. Reduction in isolation
- 7. Reduction in academic pressure if possible

How?

- 1. Use their name in class
- 2. Note in journal
- 3. Ask how they are
- 4. Mind them in a non-directive way
- 5. Note any issues to the form teacher or year head
- 6. Differentiation of academic workload

#### 12.2 Red list –At risk students with high levels of personal distress

The primary aim of this list is to give awareness to staff of serious issues that are on-going for a Student, but also to respect confidentiality.

This group of, at risk, students has issues in their lives that are causing high levels of distress. The students need to be monitored carefully and any observations noted to the Year Head/Principal/Vice-Principal(s)/Guidance Counsellors immediately.

Please try to provide:

- 1. Awareness/understanding
- 2. Space for student to manage their issues
- 3. Reduction in academic pressure
- 4. Monitor and provide extra support to students in non-directive ways

How?

1. Note any observations to Year Head/Principal/Vice-Principal(s)/Guidance

Counsellors immediately eg unexplained absence from class

- 3. Be aware and make some allowances
- 4. Be gentle
- 5. Focus on the positive

### 13 COUNSELLING CUSTOM AND PRACTICE IN OUR LADY'S SCHOOL

The availability of a counselling service is explained to students when they enter OLS and they are reminded of this at the beginning of each academic year. Parents are also informed of this service at the various parents' information evenings and by the guidance explanation sheet available on the OLS guidance website.

Students are informed of how they can make a self-referral and staff members and/or parents may also refer students. The student's right to withdraw from counselling at any stage is respected.

Guidance counsellors try to empower their students to make decisions in three distinct areas, namely personal and social development, educational development and career development. However, it must be highlighted that all of these areas are connected and that regardless of the area of guidance in question, you always touch on the personal when working with young people. Counselling should always be available to students to assist them in any of the three areas of guidance either on an individual or group basis. This

counselling should be easy to access. Students need to know that it is available at times of difficulty and in crisis situations. The counselling service aims to support individual students both inside and outside the classroom. The counselling service operates in collaboration with the pastoral care and disciplinary structures within the school.

The Guidance Counsellors work within the Institute of Guidance Counsellors Code of Ethics. This ensures that the student's needs are prioritised and their rights are protected. The service is both reflective of and in line with the Department of Children and Youth Affairs National Guidelines for the Protection and Welfare of Children "Children First" (2011) and with the Department of Education and Science, "Child Protection Procedures for Primary and Post- Primary Schools" (2011)

#### 13.1 Confidentiality

Guidance counsellors will take all reasonable steps to preserve the confidentiality of information about students. However confidentiality is limited. The limits to confidentiality are explained openly. A clear and truthful oral confidentiality contract is established with the student from the beginning of any counselling session. The students are made aware that if they are in danger, or another person is in danger, or where the law requires it, the Guidance Counsellor has an obligation to bring the matter further by informing school management, and/or year head and/or parents/guardians. Parents may contact the guidance and counselling in OLS.

In other situations, if it is felt it is in the student's best interests to inform a teacher/ parent/ guardian of a particular difficulty, this is only done with the knowledge and hopefully the agreement of the student.

#### **13.2 Ethical Requirements**

Guidance counsellors are obliged to operate in policy, process and practice in an ethical manner. The Guidance Counsellor's primary focus is the welfare of the student and they are ethically bound to act in the best interest of the student. The guidance counsellor must act within the law and within the ethical guidelines outlined by their profession. The Guidance Counsellor is expected to be competent in and mindful of the legal and ethical responsibilities of their work.

The Guidance Counsellors follow the recommended procedures for ethical decision making from the IGC Code of Ethics

Each step involved should be carefully considered. The steps in ethical decision-making are

- 1. Identify the problem
- 2. Identify issues
- 3. Review Ethics Code
- 4. Know the Law and the School System

- 5. Consult
- 6. Consider Possible Courses of Action
- 7. List the consequences of different action
- 8. Decide on what appears the best action
- 9. Act/ Accept outcomes
- 10. Follow Up/Evaluate.

#### 13.3 Competency

The Guidance Counsellor will seek to develop their professional competence through inservice, continuous professional development and attendance at counselling supervision. Guidance Counsellors must recognise the limits of their training and experience and where they see necessary they will make appropriate referrals to other agencies.

#### **13.4 Making referrals to outside agencies**

It is the ethical awareness involved in the recognition of the need for the referral and how the Guidance Counsellor assists the young person in that referral that is important. Guidance counsellors try to know what facilities are available in the community so that they will be able to ensure that their student gets the best help available.

Before initiating a referral the following steps are considered:

- Will the referral serve the student's needs best?
- Do I know the competencies of the professional referral service?
- Aim to determine which is the most appropriate agency?
- Is the student ready and accepting of the referral?
- Have I parental knowledge and cooperation?
- Is it a complete or partial referral?
- How will I introduce the idea of the referral to the student?
- How will I follow up after the referral?

#### **13.5 Referral Agencies and Supports Services**

A wide range of referral and support agencies are used. Please see appendix 8 for a sample of available Referral Agencies.

### **14 RECORD KEEPING**

Record keeping is completed according to best practice. Student's personal records are kept in a secure way to ensure student confidentiality.

### **15 TESTING**

In Feb prior to entry all prospective students sit an entrance test consisting of the CAT 4.

These tests are re-held in the first term for any students who may have missed the Feb. tests. These tests are carried out in collaboration between the learning support and guidance departments. In September the NGRT is administered to all first year students; this assesses the student's reading age. The results of these tests are not used to stream or select students but are used to highlight students who have particular abilities and those who may require additional supports. The results of these tests are discussed at student support team meetings and the SEN department may then carry out further tests eg WRAT4 and if necessary the DYSLEXIC SCREENING TEST. Students can then be referred for further educational assessments with NEPS or private educational psychologists. The CAT4 test results are also provided to the Year Head, are provided to parents and an indication of how they achieved in the test is made available for school staff on VSware. Parents of students who score highly in the CAT4 Tests are given information on the CTY programme in DCU.

All transition year students complete the Eirquest and Cambridge Profiles before Christmas. The results of these tests are returned to students at an individual meeting to assist the students with subject choice and career planning. The results are also discussed with the SEN department and the year head at care team meetings. Students with particular difficulties are referred to the SEN department for further assistance.

Both Guidance Counsellors have appropriate training and qualifications in test administration and interpretation and attend in-service, continuous professional development and upskilling in testing as required.

Testing is reviewed at the end of year. Careful consideration is given to the selection and use of tests and only assessments listed on the Department of Education's list of approved tests are used.

### 16 FIRST YEAR INDUCTION PROCEDURES IN OUR LADY'S SCHOOL

- An Information meeting for all prospective parents is held in December. At this meeting the principal gives a presentation providing details about the school.
- Following this, students are selected in line with Our Lady's School admission & enrolment policy.
- In Feb. the students sit the entrance assessments. This involves students taking the CAT 4. These tests are to help identify students who may need extra learning supports and to help identify students who may need further educational assessments. The Student Support Team use these results to help monitor students.
- In May the principal, incoming first year head and SEN teachers visit the feeder schools to begin to gather information about the incoming students. This information is used to assist the students with the transition into secondary school.

- Mixed ability classes are formed, based on these tests and other information provided.
- The student support team meet in May to consider students who may need extra supports and planning for this takes place.
- At the start of term an induction programme is held where students are introduced to their form teachers, year head and students councillors. Students are given a locker and taken on a tour of the school. Each student is issued with an Induction Booklet that the form tutor worked through with them over 2 weeks to assist them settling into the school.
- A survey is carried out with all 1<sup>st</sup> year students at the end of September to assess how well they have settled in and to identify any issues with the transition from primary to secondary school.
- The year head reviews the survey results and consults the Student Support Team where necessary.
- A meeting is held with the first year head to discuss any students who may need extra supports and all subject teachers are informed of these students.
- The class councillor, form teacher, subject teacher and all school staff are encouraged to assist students with the transition to Our Lady's and to look out for any student who may be experiencing difficulties. Any issues arising are reported and are dealt with by the form teacher and/or the year head. Other concerns about students can be referred, using the school referral system, to the SEN and/or guidance department and these student's needs are discussed at the care team meeting.
- At the first house meeting of the year a welcoming party is held to help first years get to know the students in their house.
- Early in October an information meeting is held for parents of first year students. During this meeting parents are provided with further details on school procedures and have the opportunity to liaise with other parents and meet school staff.
- A school trip is arranged to Avon Ri outdoor pursuits centre in October to encourage the development of friendships across the class groups.
- The Guidance Counsellors have a class with each first year form group. During this
  class the students play games, which help the student to integrate. The students are
  also made aware of the where the guidance offices are located, what the guidance
  counsellors do and how to arrange an appointment. They are provided with the OLS
  guidance explanation sheet. They are also encouraged to look out for one another
  and to ask for help from any staff member if they are concerned for another student
  or need support themselves.
- The School discipline procedure, of giving marks to students, is generally not used in the first six weeks to allow students time to get used to the school day and class procedures.
- Merits can be awarded to students from September in line with the promotion of a positive school culture.

- Form period every second Friday is organised to reflect the ongoing needs of the students as they transition into secondary school.
- A study skills day is held in October where students are shown how to organise their homework and given tips on how to study. An outside speaker takes the 1<sup>st</sup> year for a morning to introduce them to effective studying.
- Their parents are invited in that night and given a talk on assisting their daughter to study.
- A whole school study week is held in October which reinforces the study skills morning the 1<sup>st</sup> year students attended.
- First year students attend a Halloween event in school and put on a drama night for their parents.
- House Meetings held every second Friday, promote the integration of 1<sup>st</sup> year students to the school through activities where students from all year groups mix together in smaller groups.
- After Christmas the Guidance Counsellors meet with the first year students individually, for a short meeting, to discuss their first year experience to date. This gives the students the opportunity to discuss any arising issues. A support plan can be put in place as required following liaison with year head/care team.

### **17 GUIDANCE WEBSITE**

The OLS guidance website is located under curriculum in the school website. It informs students/parents of various upcoming college/career events and provides useful details relating to guidance in OLS. Please see

http://www.careersportal.ie/careerguidance/office.php?school\_id=157

Information on guidance events is also published on the OLS school app.

### **18 GUIDANCE OBJECTIVES**

The guidance objectives and provision aim to develop the following areas of learning and competences

Areas of Learning	Competences
Developing Myself	<ul> <li>Developing &amp; maintaining self-esteem &amp; a positive self- concept</li> <li>Interacting effectively with others (face-to-face &amp; online)</li> <li>Developing &amp; growing throughout life</li> </ul>
Developing My Learning	<ul> <li>Employing effective personal learning/exam strategies</li> <li>Making educational choices in line with career aspirations</li> </ul>
Developing My Career Path	<ul> <li>Using career related information &amp; sources appropriately</li> <li>Understanding the world of work &amp; life roles</li> <li>Managing career development &amp; decision making</li> </ul>

#### 18.1 Junior Cycle

- Provide an introduction to guidance and counselling service
- Develop the foundations of study and organisation skills
- Provide new students with assistance in adjusting to a new school
- Identify at risk students and provide appropriate supports
- Be available to engage with students who come for support/guidance/counselling whether self-referred or referred by others
- Help students develop self-esteem, resilience and positive decision making
- Be observant for bullying and peer group pressure
- Identify potential early school leavers
- Be available to meet parents if required
- Be available to meet with pastoral care year teams
- Provide individual appointments for all first year students to assist them with the transition to post primary school
- Provide relevant guidance classes during the school year

#### 18.2 Transition Year

- Provide student access to appropriate interest and aptitude testing
- Provide career guidance classes to help students build self- awareness and acquire knowledge of available training, college and career opportunities
- Identify at risk students and provide appropriate supports
- Be available to engage with students who come for support/guidance/counselling whether self-referred or referred by others
- Be observant for bullying and peer group pressure

- Help students develop self-esteem, resilience and positive decision making
- Enable students to make informed decisions in relation to subject options for the Leaving Certificate
- Provide parents evening with information on subject options for senior cycle
- Provide individual appointments for all students, to interpret Eirquest and Cambridge Profiles and discuss subject choice and career goals
- In conjunction with the work experience co-ordinator, help prepare students for work experience. Plus to evaluate and review their work experience placements.
- Identify potential early school leavers
- Be available to meet parents if required
- Be available to meet with pastoral care year teams
- Organise guidance and career related day trips
- Provide a weekly guidance class

#### 18.3 Fifth Year

- Enable students to acquire relevant training, college and career information
- Provide career workshops
- Identify at risk students and provide appropriate supports
- Be available to engage with students who come for support/guidance/counselling whether self-referred or referred by others
- Help students develop self-esteem, resilience and positive decision making
- Provide student information on career/college seminars
- Facilitate students attendance at career exhibitions and college 'open days'
- Provide students with information on the fifth year guidance programme.
- Be observant for bullying and peer group pressure
- Identify potential early school leavers
- Be available to meet parents if required
- Be available to meet with pastoral care year teams
- Assist students in developing positive study, organisation and exam skills
- Organise and run a careers day for fifth year students incorporating a college visit and guest speaker
- Organise and run a careers night with the Parent's Council
- Highlight the importance of portfolio preparation, 15th Oct UCAS deadline, HPAT preparation and encourage work experience and attendance at college summer taster courses

- Organise a range of career related guest speakers during year meeting time every second Friday
- Provide relevant guidance classes during the school year

#### 18.4 Sixth Year

- Explain college application system (CAO, UCAS, PLC, EUNICAS)
- Provide individual appointments on career choices
- Provide access to career information, especially computer- aided career research
- Facilitate student to attend open days
- Help develop student study skills and examination techniques
- Assist students in transition to work or further study
- Develop student stress management skills
- Identify and intervene where appropriate in student's academic, social, personal or vocational issues
- Provide access to the guidance and counselling service for all of Sixth Year
- Provide a weekly career guidance class
- Be observant for bullying and peer group pressure
- Identify potential early school leavers
- Be available to meet parents if required
- Be available to meet with pastoral care year teams
- Assist students in developing positive study, organisation and exam skills
- Help students develop self-esteem, resilience and positive decision making
- Identify at risk students and provide appropriate supports
- Be available to engage with students who come for support/guidance/counselling whether self-referred or referred by others
- Organise a range of career related guest speakers during year meeting time every second Friday
- Provide a Parents evening providing information on college applications

### Appendix 1 GUIDANCE PROVISION 2017/2018

Our Lady's School has two fully qualified Guidance Counsellors. For 2017/2018 there is the following time allocation:

- Lesley Porter 22 hours
- Sheila Barr 11 hours

#### YEAR 1

- The Principal, SEN teacher and first Year Head visit feeder primary schools and information is shared with the Guidance Counsellors regarding incoming students
- Please see information on first year induction
- Meetings with 1st year students in class groups to introduce guidance and counselling and to support the students in making the adjustment to a new school
- Provide a copy of the guidance explanation sheet to all students
- Individual appointments with all 1st year students
- Liaising with subject teachers, form teachers, learning support teachers, and year heads in order to monitor and support each student. Induction into the school
- Attend an information evening for the parents of 1st Year Students
- Students are assisted with their end of year subject choices and this process is undertaken in collaboration with the year head
- Attend parent/teacher meeting
- Engage with students who come for support/guidance/ counselling whether self-referred or referred by others
- Guidance is provided by SPHE teachers in SPHE classes and by form teachers at year meetings. Guidance Counsellors liaise with these teachers and have an input into these classes
- Provide students access to health week, study skills week, Internet safety seminars, well-being talks

#### YEAR 2

- Liaising with subject teachers, form teachers, learning support teachers, and year head, in order to monitor and support each student's progress in the school
- Meetings with 2nd year students in Class Groups to introduce career planning
- Attend parent/teacher Meeting
- Engage with students who come for support/guidance/ counselling whether self-referred or referred by others
- Guidance is provided by SPHE teachers in SPHE classes and by form teachers at year meetings. Guidance Counsellors liaise with these teachers and have an input into these classes
- Provide students access to health week, study skills week, Internet safety seminars, well-being talks

#### YEAR 3

- Liaising with subject teachers, form teachers, learning support teachers, and year head, in order to monitor and support each student's progress in the school
- Study skills seminar, introduction to careers, stress management
- Attend parent/teacher meeting
- Engage with students who come for support/guidance/ counselling whether self-referred or referred by others
- Guidance is provided by SPHE teachers in SPHE classes and by form teachers at year meetings. Guidance Counsellors liaise with these teachers and have an input into these classes
- Provide students access to health week, study skills week, Internet safety seminars, well-being talks

#### TRANSITION YEAR

- Liaising with subject teachers, form teachers, learning support teachers, and year head, in order to monitor and support each student's progress in the school
- Each Student attends a weekly guidance class
- Career and guidance related field trips
- Students complete a number of interest tests and take the Eirquest and Cambridge Profiles
- Students complete a written Career Project
- Students receive assistance in preparing for work experience and reviewing their placements. This process is achieved in collaboration with the transition year team and work experience co-ordinator
- Individual appointments with all students to discuss Eirquest and Cambridge Profile results, subject choice for leaving certificate and career aspirations
- Each student receives a booklet on subject choice for the Leaving Certificate
- Students attend a presentation on subject choice given by Guidance Counsellors
- Students are introduced and encouraged to use ICT to aid their career research and planning
- Subject teachers, transition year co-ordinator, year head and Guidance Counsellors coordinate an information session on each Leaving Certificate subject for all transition year students
- Organise a subject choice information evening for parents
- Engage with students who come for support/guidance/ counselling whether self-referred or referred by others

- Liaising with subject teachers, form teachers, learning support teachers, and year head, in order to monitor and support each student's progress in the school
- Provide students access to health week, study skills week, Internet safety seminars, well-being talks

#### YEAR 5

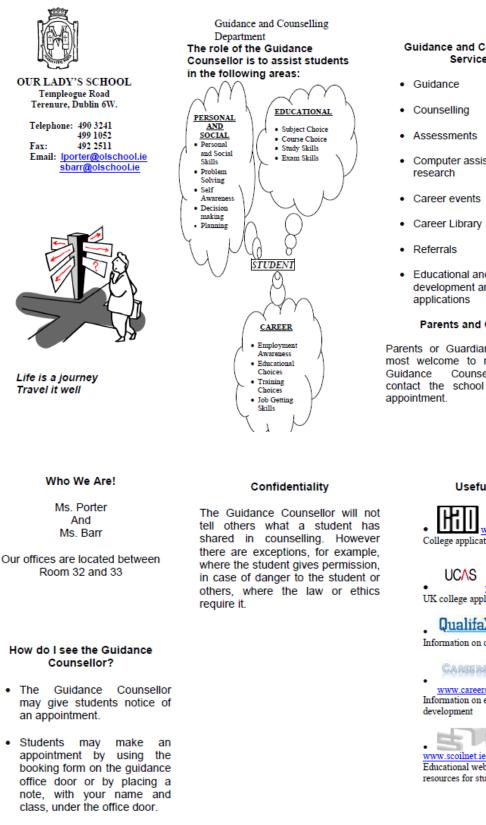

- Liaising with subject teachers, form teachers, learning support teachers, and year head, in order to monitor and support each student's progress in the school
- Engage with students who come for support/guidance/ counselling whether self-referred or referred by others
- Any students who have concerns regarding their subject choices can have a meeting with the Guidance Counsellor to discuss options
- Fortnightly career lectures: Lectures from visiting speakers are arranged including representatives from colleges and various careers areas. Students are given a choice between four lectures.
- A meeting is held with fifth year students at the beginning of the year to introduce career planning and study for senior cycle students
- All Students attend a careers day. This consists of a guest speaker on motivation and interview skills and information on career planning. They also have a college visit.
- All students attend a careers night organised with the parent's council
- Attend parent/teacher meeting
- Individual career meetings for all students are available where need arises and group guidance on career planning is provided in the final term of school. These workshops include UCAS applications, portfolio preparations, college taster courses etc.
- Students are facilitated to attend various career events throughout the year
- Provide students access to health week, study skills week, Internet safety seminars, well-being talks

#### YEAR 6.

- Liaising with subject teachers, form teachers, learning support teachers, and year head, in order to monitor and support each student's progress in the school
- Engage with students who come for support/guidance/ counselling whether self-referred or referred by others
- All 6th year students are facilitated to attend the Higher Options career conference in September

- A letter is sent to parents of sixth year students at the start of the year to inform them about the guidance programme for sixth years
- Each Student attends a weekly guidance class
- Students complete the Centigrade Interest assessment to assist with College choice
- Provide access to career information, especially computer-aided career research
- Assist students with the transition to world of work or further education
- Fortnightly career lectures: lectures from visiting speakers are arranged including representatives from colleges and various careers areas. Students are given a choice between two to four lectures.
- Sixth year parent information night is held to inform parents about the CAO system
- Students who are applying for medicine have the opportunity to attend an optional mock HPAT test run by Guidance Counsellors
- Students can attend a mock interview with the Guidance Counsellors to assist them to prepare for interviews for college selection
- Individual career appointments
- Students are facilitated to attend college open days and career exhibitions
- Attend parent/teacher meeting
- Each Student is assisted with their various college applications (CAO, UCAS, PLC, EUNICAS)
- Students who are applying for the HEAR or DARE schemes are given assistance
- Students are assisted in making SUSI grant application
- The destinations of students when they leave Our Lady's is monitored in the form of a questionnaire to students
- Guidance counsellors are available to students who come for support/guidance/ counselling whether self-referred or referred by others
- Students are supported in making NUI Irish/language exemptions
- The guidance and SEN department complete the education impact statement for DARE for any students applying to this scheme
- Students are supported in applying for various college scholarships
- Students requesting references are facilitated where possible
- A letter is provided to all 6th year parents in May providing information on college offers
- The guidance counsellors attend school on the LC results day and are available to support students on the days surrounding the college offers in August
- Provide students access to health week, study skills week, Internet safety seminars, well-being talks

# Appendix 4 GUIDANCE CLASSES 2017/2018 SCHEME OF WORK.

#### SIXTH YEAR CLASSES

#### COURSE CONTENT

- Introduction to the Year:
  - Handouts
  - Open-Days
  - Using the Career library
  - Online Guidance Resources
  - Strategy Form
  - Careers notice board

#### • Interest Tests:

Online: Icould Careers Portal, Qualifax, Centigrade

- Making Career Choices
- Higher Options

Preparation for Higher Options, Making the most of the day, Introductions to range of lectures.

• Open days

Making the most of open day and career events and how to book career events

- Students attend a fortnightly career seminar given by visiting speakers
- UCAS Class (optional) U.K. College Applications
- Options after the Leaving Certificate:
  - Work
  - Taking a Year Out
  - Further and Higher Education (PLC)
  - Apprenticeships
- C.A.O. Classes:
  - Giving Out the Booklet
  - C.A.O Mechanics
  - Filling in the Form

- Using the Computer Room to do on-line demo application
- Choosing your Courses
- Points and minimum entry requirements
- What College has to offer
- What happens after you apply
- P.L.C. Classes:
  - Information on Courses
  - Application Procedures
  - Preparation for the Interview
- Study Skills and Examination Techniques
- Managing Stress
- CVs and Interview Skills
- Coping with the transition to further education or work.
- Student Finance, grants system and scholarships
- Graduate destinations and further study after your degree.
- Preparing for the transition from 2<sup>nd</sup> level to 3<sup>rd</sup> level education.
- All students have an individual career meeting and this is followed up with further meetings as required.
- Guidance review and evaluation

#### **METHODOLOGIES**

Classroom discussion and group work

Worksheets

Use of Information technology for career planning and research

Individual meeting with students

Library work

Use of Paper supplements on colleges

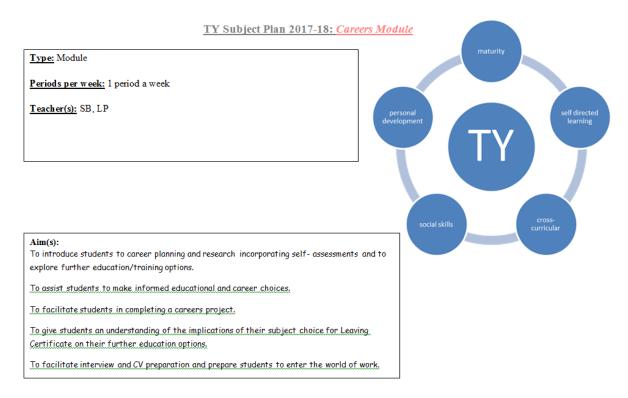

Use of video clips and guest speakers

#### DIFFERENTIATION STRATEGIES

Emphasis is on the student's individual career plan. It is highlighted to students that there are education and training options available to them, regardless of their academic ability. There is variation in classroom materials and subject matter is differentiated. Peer and

teacher support is available. Students are encouraged to become aware of their own interests, aptitudes, skills, and personality with regard to the world of work.

TY Subject Plan 2017-18: Careers Module

At all times it important to highlight to students that there are education and training options available to them, regardless of their academic ability.

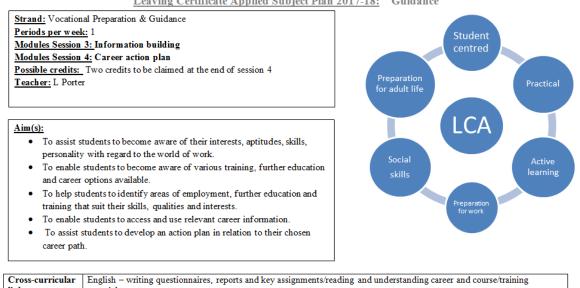

Students are encouraged to become aware of their own interests, aptitudes, skills, and personality with regard to the world of work. Reach+ enables students to self- assess and begin to research their individual career plan.

The guidance department works with students individually, in groups, and in classes to help them develop an action plan in relation to their chosen career path.

The Guidance Transition Year plan contains a focus on the world of work and CV preparation. It provides assistance to students preparing for work experience. It enhances self-awareness and enables the students to understand the implications of career choice. The linking of work experience with potential career choice increases the learning potential for students.

	Students are able to review the experience of LCA		Questionnaire & discussion			C (C

The Guidance Leaving Certificate plan contains a focus on Vocational Education, the world of work and CV preparation. It provides assistance to students preparing for work experience. It enables the students to become aware of training programmes and further education courses. The linking of work experience with potential career choice increases the learning potential for students.

### Appendix 5 GUIDANCE EVALUATIONS

#### SIXTH YEAR

Please take a few minutes to answer the questions below. By completing this evaluation sheet you are helping to ensure that the Guidance offered to students is as effective as possible.

Did you have access to the Guidance Counsellor as often as you needed?

Please circle the word which best describes your individual appointments with the Guidance Counsellor

	Essential	Very Use	eful	Useful	Not Usefu	ul	
On a scale of $1 - 5$ (5 being the highest) how would you rate the following?							
Overall Guida	nce in Our Lady's Scho	loc					
Range of gue	st speakers		Information of	on subject choi	ce		
Access to car	eers information		Content of c	areers classes			
Information or	ו study skills		College Ope	n days			

Is there anything else that would have helped in your career planning process?

Any further comment?

#### TRANSITION YEAR

Please take a few minutes to answer the questions below. By completing this evaluation sheet you are helping to ensure that the Guidance offered to students is as effective as possible.

Did you have access to the Guidance Counsellor as often as you needed? \_\_\_\_\_

Please circle the word which best describes your opinion of the career guidance programme in transition year.

Essential	Very Useful	Useful	Not Useful

# Appendix 6 RECENT DEVELOPMENTS AND GUIDANCE PRIORITIES

#### **Recent developments in Guidance in OLS**

- Introduction of Leaving Certificate Applied 2016
- Involvement in Jigsaw Peer Education Programme involved training students to become peer educators and deliver a 40 minute workshop "It's Time to Start Talking for Your Mental Health" to classes within the school. 2015/16. Jigsaw also gave a presentation to parents, students and staff.
- Introduction of a careers night for 5<sup>th</sup> year students in conjunction with the Parent's Council and with the support of past pupils. The purpose of this event is to allow our students the opportunity to meet and talk to people from a number of different professions in order to assist them with their career research. This helps to form strong links with both Parents and past pupils. The first careers night was held in 2015 and continued in 2016 with this year event taking place on 4<sup>th</sup> April. An interview skills workshop for students was also part of this event.
- A review of the incoming first year assessments led to the introduction of the use of the CAT4 assessment which was introduced in 2014. The use of the CAT4 has been expanded to include providing an indication of student's attainment to staff and a comparison of CAT4 results to school tests to help monitor students' progress and to encourage staff to be aware of highly able students and to accommodate them in their class planning. The comparison of CAT4 results also helps identify students who may find academic work more challenging and supports can be put in place for them.
- Academic mentoring of 37 students after the mock exams in 3<sup>rd</sup> Year. These students were selected based on a correlation of their mock results to their CAT4 scores.
- Our Lady's School has been involved in the Health Promoting schools programme since May 2015. Students, parents and staff work on this committee. This included running a health promoting week within the school. Health week will run from Monday 5<sup>th</sup> March to Friday 9<sup>th</sup> March 2017.
- Following a review of subject choice new subjects were added at leaving certificate level including Agricultural Science and the option of taking a second modern language. The introduction of a Parent's information meeting on subject choice was also made three years ago.
- Introduction of past pupil network 2015.
- Introduction of Mindfulness module in TY 2016.
- Introduction of Reach+ Programme 2015 and in 2016 linking of school's guidance website to careersportal.
- Review of study skills led to the introduction of 'Amazing Brains' who provide workshops to first, years and their parents.
- A Study Skills week '5 Steps to Study' is now held in October 2017 to assist students from all years study. This is reinforced by a follow up Study Skills' week in January.

- A move from modular approach to all year timetabled classes for Transition Year
- A TY college trip was introduced in 2016 and the students visited TCD and IT Tallaght. In 2017 the students visited TCD and DIT
- A trip to the the Zeminar Youth Conference was introduced in 2017

#### **Future Priorities for Guidance**

- The compulsory study of a modern language at senior cycle is currently under review.
- Preparation for the introduction of the Junior Cycle Wellbeing programme.
- Continued development and expansion in the use of CAT4 for the tracking of students' progress.
- Further development of junior cycle guidance in conjunction with the SPHE and year teams.
- Involvement of the guidance department in the review of key relevant policies.
- Reviewing subject choice at junior cycle in light of the new junior cert.
