Transition Year Work Experience

Information for Students 2022/23

- Students must organise three different work placements and one community service placement for Transition Year.
- Students are not permitted to use part time jobs for work experience purposes and do not receive payment for work done.
- Insurance is in place and covers most placements. However, working with horses or dangerous dogs is not covered.
- Students who apply early get the best placements and have, in general, more worthwhile work experiences.
- You will be asked by the school for the contact details of each placement. Therefore it is imperative you have accurate information relating to your contact person's name, phone number and email address.
- Students must be 16 to be Garda Vetted.

Securing a Work Experience / Community Service Placement

- Prepare a cover letter and your CV.
- Contact the employer either in person, email or phone. If you do not hear back within a reasonable amount of time you may need to follow up with a phone call or a visit to the premises. You may need to apply to several places before you are successful.
- You will need to know the dates of your work experience. Always ask the name of the person to whom you are speaking and keep a record of this in case you need to contact them again.
- If calling into a location in person, have the necessary paperwork such as the Our Lady's School 'letter to the Employer' and insurance letter with you.
- Make sure you get your contact person's name, number and email. The school will need this information.
- It is your responsibility to organise and coordinate with your work experience placement.
- Work experience is a fantastic opportunity to investigate potential career paths you may want to pursue after school. It is also worth considering jobs from many diverse areas, as very often a placement you might never have considered can end up being the one you excel in the most.
- Research work placements and try and connect with businesses that will be able to give you a worthwhile experience.

Letter to Parents/Guardians (Work Experience)

September 2022

Dear Parents/Guardians,

I want to take this opportunity to reiterate a few details pertaining to your daughters' work experience placement. Your daughter has been advised to secure three different work experience placements and one Community Service placement. The dates of these are

- **Placement Block 1** 21st - 25th November 2022
- **Placement Block 2** 30th January - 3rd February 2023
- **Placement Block 3** 7th - 10th February 2023 (Note: 4 day week)
- **Placement Block 4** 2nd - 5th May 2023 (Note: 4 day week)

Your daughter will be covered by school insurance while on placement. It will be renewed on an annual basis in October. **This document is available on the school website.** We recommend, due to the restrictions in school insurance, that your daughter does not work an evening job or find a work placement working with large animals.

Absences- Students must inform their employer first and subsequently inform the school if she cannot attend her placement on any given day. This must be done prior to the start of business on the day of absence.

Garda Vetting- Your daughter will be instructed on completing Garda Vetting paperwork in school. Your signature will be required on paperwork. This is required for students over 16 years who wish to work with children or vulnerable adults.

If you own a business or work in a company that could accept one of our students on placement, please email me on workexperience@olschool.ie. We are always looking to make new connections with employers and would really appreciate your continued support.

Please take this opportunity to discuss preferential work placements with your daughter. Where possible, students are encouraged to find placements in work related to the career in which they have a special interest. It is the responsibility of each student to make her own application and to find their own work experience placement as this is an essential element of preparation for the world of work.

Yours faithfully,

Lyndsey Phelan
TY Coordinator

Policy on placements outside of allocated Work Experience weeks

A student in OLS is permitted a maximum of ONE additional placement during Transition Year if she has submitted all the relevant paperwork. This week will be given without the loss of credits. Other weeks taken above and beyond this extra week will automatically incur the loss of credits for absence from school.

If a student wishes to undertake Work Experience placement, in addition to the four allocated Work Experience placement dates, she must adhere to a specific application protocol.

1. The student must be seeking permission to accept a placement with a specific programme designed for Transition Year Students.
2. She must show, in her application form, that the placement is a field that she wishes to pursue after she completes her Leaving Certificate.
3. If her application is approved by the Transition Year Coordinator, your daughter will be asked to complete school paperwork, which will be given to the student by the TY Coordinator.
4. Both student and Parent/Guardian will both be asked to sign the form which must be returned to the TY Coordinator. This will ensure the student doesn't lose credits for her absence from school.
5. On her return to school after her placement an evaluation of the placement needs to be completed and put on her e-portfolio.

Important Notes:

- It is the responsibility of the student to catch up on any work/ assignments missed during her absence from school.
- A maximum of **ONE** additional placement will be given without the loss of credits.
- If a student fails to adhere to the policy outlines, it will result in the loss of credits for the duration of the time the student is absent from school.

The successful candidate will then be offered the placement and the additional work placement application form will be completed by the Work Experience Coordinator and student.
