1. Introduction

School Mission Statement

Our Lady's School is a community that embraces Christian values. The education it provides is rooted in a deep sense of faith.

We aim to create a positive inclusive environment which enables everyone to reach their full potential. We promote mutual respect within the school community and strive to provide a happy and secure atmosphere which fosters a love of learning.

We encourage the development of the whole person, by fostering the personal, spiritual and moral development of every student. The realisation of individual talents and academic excellence is paramount.

We aim to create a friendly, healthy, safe and caring environment which affirms our pride in the school.

We promote the development of the necessary skills so that students may become responsible members of society. It is our wish to see every student leave Our Lady's School with moral integrity and a heightened sense of social conscience.

Guiding Values

As a Voluntary Secondary Catholic School, the following are the guiding values that are central to life in this school:

- People feel valued
- Self-esteem is fostered
- Respect, tolerance and fairness are practised
- People in difficulty are supported
- There is open and honest communication
- Effort is recognised
- Difference is valued
- Conflict is handled constructively
- Social, moral and civic values are promoted
- Initiative and creativity are celebrated

2. Rationale for a Code of Positive Behaviour

Under Section 23 of the Education (Welfare) Act 2000, the Board of Management of each school must prepare and make available a Code of Behaviour for its students. The Act requires that the school Code of Behaviour is prepared in accordance with Guidelines issued by the National Educational Welfare Board.

The Code of Behaviour is the set of programmes, practices and procedures that together form the school's plan for helping students in the school to behave well and learn well. The Code of Behaviour assists the school community to promote the school ethos, positive relationships, policies, procedures and practices that encourage good behaviour and prevent unacceptable behaviour. To reflect this focus, the document is referred to as the Code of Positive Behaviour. This Code of Positive Behaviour assists teachers, other members of staff, students and parents to work together for a happy, effective and safe school.

To this end, the Code of Positive Behaviour is seen as a working document, informing everyday school life, and reflecting the voices of our students, staff, parents, Board of Management, our founding congregation, the Religious of Christian Education, and our trustees, Le Chéile, as well as the legislative requirements to which we are bound. By involving all our stakeholders in this document, we are inviting all members of our school community to take ownership of the atmosphere and environment in our school.

A copy of the Code of Positive Behaviour is available on request from Reception and can also be viewed on our website, www.olschool.ie.

3. Aims of our Code of Positive Behaviour

- To create a safe, secure teaching and learning environment for all by promoting a sense of mutual respect amongst all members of the school community.
- To ensure understanding (by the parents, students, staff and management of Our Lady's School) of the Code, the reasons for it, as well as each person's responsibilities in relation to its implementation.
- To clearly identify what positive behaviour in Our Lady's School looks like.
- To emphasise the promotion, acknowledgement and support systems for positive behaviour in the school.
- To outline the strategies to be used to prevent negative behaviour.
- To outline the structure of fair, consistent and agreed sanctions and interventions that will be used in response to negative behaviour.
- To identify the procedures for the use of suspension and expulsion.
- To ensure that effective procedures are in place which will allow for the day to day running of the school whilst complying with all relevant legislation as well as Department of Education and Skills requirements.

4. Roles & Responsibilities of Members of the School Community

Scope of the Code

Our Lady's School acknowledges the contribution of all members of our school community to the promotion of positive behaviour. The school is committed to a policy of recognition,

encouragement and reward of positive behaviour. All students enrolled in Our Lady's agree to adhere to the high standards laid out in the Code. Admission of students into the school is conditional on parents/guardians giving a written undertaking that they find the Code of Positive Behaviour acceptable and that they will make all reasonable efforts to ensure compliance by their daughter(s). The Code of Positive Behaviour applies to all students up to the completion of Senior Cycle education. Its scope extends from day-to-day school life to include school outings, travelling to and from school and any representation of the school outside of normal school activity including any activity in the school uniform.

Students

Our Lady's School expects that students will at all times do their utmost to uphold the Code of Positive Behaviour of our school.

Parents

Our Lady's School acknowledges the pivotal role of parents and guardians in the development and operation of the Code of Positive Behaviour. It is an expectation that all parents and guardians support the Code and actively encourage their daughters to uphold it.

Staff

Our Lady's School acknowledges the contribution of all staff (teaching, administrative, SNAs, caretaking and cleaning) in the day to day running of the school. Each member of staff has a part to play in the successful operation of our Code of Positive Behaviour. In particular, staff members have a responsibility to respond to and/or report, as appropriate, incidents of either positive or negative behaviour that they witness.

Board of Management

The Board of Management is the decision-making body of Our Lady's School. The school acknowledges its role in the development and operation of our Code of Positive Behaviour. All policies are developed with the authority of the Board of Management and must be approved by the board before becoming official school policy.

6. Positive Behaviour - School Supports

Students are encouraged to understand, adhere to and uphold the Code of Positive Behaviour in numerous ways including the following:

- The Code is presented and explained to Parents/Guardians and all incoming students.
- The Code is available on the school website and in hard copy at Reception.
- The Code is re-introduced on the first day of term by the Year Head, included in the school journal and is constantly reinforced by all staff and in particular by Form Tutors, Year Heads and teachers.
- The Code is revisited during timetabled SPHE (Junior Cycle) and Pastoral Care (Senior Cycle) throughout the school year – formally and informally.
- Positive relationships amongst and between students and staff as well as between school and home are prioritised.
- The values of Restorative Practice (respect, empathy, safety, personal accountability, equality, community, trust) are promoted in addressing conflict resolution. This involves scaffolding dialogue between affected parties using questions that focus on what has happened and what steps are needed to move positively forward. Restorative Practice aims to consciously build relationships, respond to conflict in a healthy way, and connect us to our best selves and to one another. The values of this philosophy inform how each person thinks, engages, speaks, listens, and approaches situations, all day, every day. Staff training in Restorative Practice is facilitated.
- The caring ethos of our school is embodied in our daily practice and interaction with one another. In addition to day to day routines, it is evident in the provision and support of lunchtime and extracurricular & co-curricular activities, Learning Support, Supported Study, Pastoral Care time, the House System, all of which endeavour to foster a sense of belonging to all and encourage positive behaviour from students.
- The school strives to provide to its students an education that will be broad and challenging in nature. Students will be prepared for Junior Cycle and Leaving Certificate Examinations and a comprehensive Transition Year Programme will be provided.
- The broad and varied curriculum on offer in Our Lady's School offers substantial choice and seeks to accommodate student preferences.
- The school strives to provide a wide range of extra-curricular activities in an attempt to enhance the social, personal, spiritual, sporting and aesthetic development of students in an engaging context.
- Various classroom management strategies, such as designated seating arrangements, are employed where necessary, to pre-empt and reduce/alleviate negative behaviour.
- Teachers prepare class materials well and lessons are differentiated to respond to pupils' abilities and interests.

- Formative Assessment procedures underpin approaches to teaching and learning in order to encourage students' ownership of their learning and a growth mind-set.
- Consistent use of the school journal as a means of communicating between home and school promotes consistent standards and open communication in relation to positive behaviour.
- VShare reports are made available to parents/guardians in November and May, with 3rd and 6th Years also receiving reports after their mock examinations in February, to support student learning and progression.
- Various media such as our website, school app, social media platforms and school newsletter, as well as personal contact, are employed to enhance communication with students and home.
- The core tenets of tolerance for others, self-control, fairness and the principles of natural justice are explored as part of the Wellbeing programme in our school. These are continually consolidated in all other subject areas and in our daily interaction with each other. The Wellbeing Charter (Section 5) is visible in classrooms.
- Students of Our Lady's School are continually and consistently encouraged to behave in a positive, respectful and responsible manner. This is achieved in no small part through adult modelling as well as the various programmes on offer in the school such as SPHE, CSPE, RE, etc. and through the intervention of specialist supports such as Form Tutors, Year Heads, Guidance Counsellors, the Care Team, the House system, etc.
- Issues such as Bullying, Racism, Sexism, Harassment, Violence, Substance misuse etc. are openly discussed with the students during their time in our school, through a variety of fora such as subject work, extra-curricular, projects, visiting speakers, drama, etc.
- Positive contributions to the school are encouraged, acknowledged and rewarded through the merit system.
- Positive contributions to the school are also encouraged, acknowledged and rewarded in other ways such as through school representation and student leadership opportunities - the 6th Year Council, the Class Captain System, the Student Council, formal recognition at Awards Ceremonies, display of student work, verbal and formal affirmation by Form Tutors, Year Heads and Senior Management, participation in internal and external competitions, etc.
- Adult supervision at break-times and lunchtimes assists in detecting, sanctioning and reducing inappropriate behaviour. Equally, the presence of CCTV acts as a deterrent.
- Students are aware of the systems in place to deal with inappropriate behaviour e.g. marks system, ladder of referral, etc.

7. Positive Behaviour - Acknowledgement

- Positive recognition by staff members.
- Merits (which are recorded on VShare) will be awarded in recognition of positive behaviour that supports our Code.

Such behaviour might involve but is not limited to:

- Being inclusive
 - Showing social responsibility
 - Demonstrating positive leadership
 - Having a positive attitude
 - Making a positive contribution
 - Showing an improvement in behaviour/in study application
 - Showing an improvement in participation
 - Displaying consistent diligence
-
- After an accumulation of Merits received (5 at Junior Cycle, 3 at Senior Cycle), a postcard is sent home to parents/guardians by the Year Head recognising the student's positive contribution to the life of Our Lady's School.
 - An annual whole-school prize-giving ceremony is held at the end of the school year where the behaviour, talents, achievements and efforts of students, across all aspects of school life, are acknowledged. Records of Merits inform the nominations for the Public Spirit awards.
 - An annual Year Group prize-giving ceremony is held at the end of the school year acknowledging students' positive contribution throughout the year.
 - Achievements are acknowledged and celebrated on the television at reception/on the school app/on the school social media platforms/in the newsletter/yearbook.
 - Notes are sent home in the school journal.

 - Student work is displayed throughout the building.
 - Formal reports are made available to parents in November, February (3rd & 6th Year), and May.
 - References are provided for students upon request.

8. Negative/Unwanted Behaviour

The Code of Positive Behaviour runs parallel with the system of care, which is outlined in our mission statement. It is intended to help students during their time in Our Lady's School. While every effort is made to address issues of behaviour in a positive and supportive manner, it is important for the overall effectiveness of the school that there are clear consequences to behaviour that is deemed unacceptable. Sanctions and interventions are designed to minimise the disruption to teaching and learning and to support the Mission Statement of the school. The emphasis is on remediation rather than being strictly punitive.

9. Breaches of the Code of Positive Behaviour - Support Structures & Sanctions

Behaviour that is deemed not to be in support of the school's Code of Positive Behaviour might include, but is not limited to:

- Anti-social behaviour
- Disrespect shown towards others members of the school community
- Disrespect shown towards school property and resources
- Disruptive behaviour
- Frequent non-presentation of homework/materials in class
- Frequently lateness to school or class
- Non-compliance with staff requests
- Non-compliance with rules regarding school uniform (Section 11)
- Behaviour that does not comply with this policy and other school policies, particularly the Acceptable Use Policy and the School Tours Policy.
- Use of mobile phones/smart devices in school without explicit teacher permission and for educational purposes.
- Recording/photographing in school without explicit teacher permission and for educational purposes.
- Leaving school premises without signing out at Reception.

Behaviour that is deemed not to be in support of the school's Code of Positive Behaviour will be addressed as follows:

- Students should receive a verbal warning before a sanction is applied, especially if it is a first offence (with the exception of a particularly serious breach of behaviour).
- Flexibility and understanding are exercised, especially when dealing with 1st Year students until mid-term in October.
- An Amber/Red Mark (which is recorded in VSware) will be given for incidents such as misbehaviour, breaking of school rules or failure to produce homework.
 - An Amber Mark signifies a minor breach of the Code of Positive Behaviour.

- o A Red Mark signifies a more serious breach of the Code, necessitating the Year Head's attention.
- o Should a student receive one or more red marks or an accumulation of marks, their record will be reviewed by their Year Head who will apply interventions or sanctions, as appropriate.
- o Automatic detention as well as suspension, up to and including expulsion, can be given for a serious breach of the Code of Positive Behaviour.
- o A range of interventions may be used by the Year Head to assist positive student behaviour including detention/community work within the school, the establishment of a behaviour support plan, the revoking of certain privileges (e.g. 6th Years being allowed out for lunch) or exclusion from activities organised by the school, etc.

Detention

Detention is a component of the Code of Positive Behaviour of the school and forms a serious stage of the disciplinary procedure. Parents/Guardians will be given prior notice of their daughter's detention. Detention is held on Wednesdays, from 1.40pm to 2.40 p.m. A reflection exercise or community work will be given by a supervisor and must be completed by each student on detention. Homework may not be done during detention.

Suspension/Expulsion

In the case of persistent misbehaviour, or in the case of a very serious breach of the Code, parents/guardians will be asked to meet the Year Head/Deputy Principal/Principal. Sanctions up to and including suspension and expulsion may be considered in accordance with NEWB Guidelines. In any such incident, the school will inform the student and their parents about the complaint and give them an opportunity to respond, ensuring that fair procedures for investigation, decision-making and appeal, in line with NEWB Guidelines, are followed.

10. Punctuality and Attendance

High standards of punctuality and attendance are of utmost importance to ensure that learning and teaching are uninterrupted. The following procedures identify the standards upheld by the school in relation to punctuality and attendance.

Punctuality

- o All students are expected to arrive before 8.20 am, in order to have time to get organised for the day.
- o It is the students' responsibility to get to class on time.
- o Failure to do so will incur a mark or detention if a repeated offence.

- o The first bell rings at 8.25am reminding students to make their way to their classroom.
- o Classes begin at 8.30am. Admission to the classroom after this time will necessitate a late stamp from Reception in the homework journal.
- o In the event of a student arriving late to school (not in class for the 8.30am bell), she must present herself to Reception, sign in and receive a late stamp in her journal, go straight to class (no access to lockers after 8.30am) and make up any work missed. Students must present their late stamp showing the time of arrival to their class teacher, upon entry to class.
- o Students may go to their locker rooms from 8.10 am. Students who arrive earlier must stay in the GPA, where there is supervision from 8am.
- o Parent explanations for late arrivals can be submitted via the school app.
- o More than a once-off/occasional late arrival will incur sanctions/intervention, as deemed appropriate by the Year Head, which may include detention.

Attendance

- o The school has a statutory duty, under the terms of the Education Act, to monitor and report student attendance.
- o The school is obliged to report absences aggregating 20 days to the Educational Welfare Services of the Child and Family Agency (TUSLA). The Year Head will send an Attendance Report to the parents at 10, 15 and 20 days absence.
- o Unauthorised absence from school (truancy) is a serious breach of discipline.
- o Students are expected to attend all of their classes, every day. A student may not absent herself from class without permission. The VShare attendance system is used by all class teachers to record attendance at each class period.
- o No student may leave the school at break time.
- o 1st to 5th Year students must remain on the school premises at lunch time. 6th Year students have the privilege of leaving the school premises at lunchtime.
- o Students leaving the school premises on a field trip/school organised outing must have the appropriate permission form submitted by their parent via the school app.
- o Authorised absence from school, for example, in the case of illness, is to be submitted to the school via the school app, outlining the reason for and length of absence.
- o In the event of a student's unexplained absence, a notification will be sent to parents/guardians via the school app.
- o Where possible, any medical and dental appointments should be made outside of school hours.
- o Parents/Guardians are particularly asked to ensure that their daughters attend whole-school celebrations and House events, as these are central to the ethos of Our

Lady's School, their school of choice.

- o A student requesting permission to leave school before the end of the day must have parental authorisation submitted via the school app, which must be submitted before 8.30am unless in exceptional circumstances.
- o Before a student leaves, she must present at Reception, where she will be registered as having left early. **To leave school without signing out at Reception is deemed to be a very serious breach of the Code of Positive Behaviour.** Parents/guardians will receive an app notification to confirm the student has signed. If she returns to school that day, she will be required to sign in again at Reception.
- o In the case of illness parents/guardians will be contacted by the school office so that they can collect their daughter.
- o **Students are not permitted to contact home from their personal mobile phones during the school day but may do so through Reception.**
